IN EVIDENCEMarket Shows Irregularity and  
Some Nervousness, But  
Closes Very High.

NEW YORK, Aug. 8.—The stock market today was pretty much a continuation of that of yesterday, having a strong opening, a temporary setback from profit-taking, then a steady movement to near the closing, when a good deal of profit-taking appeared. Some traders who did not want to trust the market over Sunday. The market was more irregular than yesterday, though the leading stocks climbed to new high territory.

The most important changes at the opening were: Louisville, 1/4; Lead, 1/4; Northern Pacific, Southern Pacific, Missouri Pacific and So. 1/4; Great Northern preferred, Steel common, Union Pacific and Car Foundry, 3/4, and Anaconda, Locomotive and B. R. T. 1/4. Declines were: Smelting, 1/4; American, 1/4; Sugar and Delaware, 1/4; Hudson, 1/4; and Steel preferred, 1/4. Reading opened 1/4 higher, St. Paul 1/4 higher. Rock Island preferred opened 1/4 higher.

Reading Is the Leader.

Reading was one of the issues to move to a new high price, and the story that the decision of the commodity clause of the Hepburn law is in favor of the railroad persists. While this stock was strong and active throughout the session, it was very irregular, fluctuating rapidly between the points 127 and 127 1/2. Smelters, Amalgamated, Anaconda, and Lead were strong. All the railroad stocks found ready buyers. Public interest in the market continues unabated, and is growing daily.

All the wire stocks today had orders, the bulk of them being buying orders, and it was from this source that the market received one of its greatest elements of strength today. That the public has suddenly become bullish and is buying stocks freely is another indication, it was very irregular, fluctuating rapidly between the points 127 and 127 1/2. Smelters, Amalgamated, Anaconda, and Lead were strong. All the railroad stocks found ready buyers. Public interest in the market continues unabated, and is growing daily.

Curb Market Active.

On the curb market the Guggenheim shares were once more in the leadership, with the entire market active and strong.

London was very irregular with most stocks showing declines, but improved as trading progressed.

The crop report put out by the United States Government yesterday has impressed Europe with a feeling of confidence that the worst is over in this country.

J. P. Morgan & Co. have purchased from the Aitchison railroad \$1,000,000 of first mortgage 4 per cent. bonds. This is the bond issue which officers of the Aitchison denied several days ago would be made. Their denial, however, was an official notice to the Street that it would be forthcoming very shortly. The Aitchison directors' statement was accordingly correct because the bonds had already been sold to the bankers.

## OLD-STYLE BULL MARKET.

The market during the week has been continuously active and strong of the old-style bull market variety. It is seldom in Wall Street that such opportunity has been presented to make money on stocks. Within a period of three weeks there has been a steady recovery of prices that has carried the market up from 6 to 25 points and in stock letters sent out by commission houses, in press reports and the literature of the Street it was all forecast, and the way the market has been marked out plain as a pike-stake.

## THE CURB MARKET.

(Quotations furnished by E. F. Hutton & Co., members New York Stock Exchange, 200 Broadway, New York, N. Y.)

## PRODUCE PRICES.

There was no notable decrease in prices in the local produce market this morning. In many instances figures were slightly better than yesterday. The general tone was quieter than it has been for some time, the trend of business as a whole being dull. Receipts were fairly equal to a normal demand for the bulk of goods.

## Wholesale prices today were:
